

MEETING HIGHLIGHTS

Dear Colleagues:

On behalf of the Connecticut Chapter of the American College of Physicians, I am thrilled to invite you to the 2024 Annual Scientific Meeting, scheduled for Friday, October 18th at the Aqua Turf Club in Plantsville, CT.

This meeting is designed for general internists, subspecialty internists, hospitalists, allied health practitioners, residents, and medical students and will provide high quality educational content, CME and Maintenance of Certification credits, as well as time for networking with colleagues.

This conference is also about making personal contacts and getting involved in the CT ACP chapter. You'll engage with people who know your challenges and can share in finding solutions. Don't miss this important and educational meeting, [register today](#).

I look forward to seeing you on October 18th.

Sincerely,

Ruth Weissberger, MD, FACP Governor, Connecticut Chapter

Resident and Medical Student Events

These events have been planned with medical students and residents in mind, but all are welcome to attend.

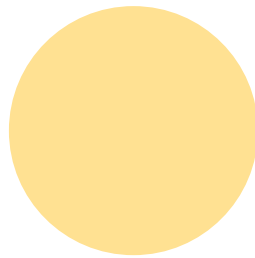

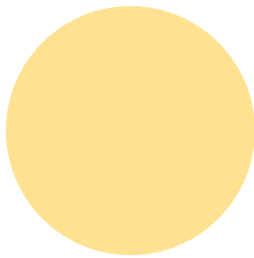

Residents and Students Abstract Competition

Residents and medical students across the state

Learning Objectives

At the conclusion of this activity the learner should be able to:

1. Identify important findings and lessons learned from clinical or academic projects that others could learn from.
2. Better understand the decision-making process when considering blood cultures.
3. Learn current diagnostic challenges and management strategies of skin and soft tissue infections.
4. Understand when to perform urinalysis and urine culture in a patient with an indwelling urinary catheter, and learn strategies to treat and prevent catheter-associated UTI.
5. Understand the factors underlying the evolution of misinformation, disinformation and malinformation.
- 6.
